**Meet and Mingle with Your Lake Neighbors - June 14**

Please join us at the Outpost Bar and Grill for a chance to get to know your Watchic Lake neighbors **Wednesday June 14 from 5:30 pm to 7:30 pm**. This is a great opportunity to socialize with others on the lake, share experiences, and share a drink.

- Cash bar for full range of drinks. Pizza'a will be provided. Non-alcoholic drinks available.
- WLA volunteers will answer your questions about the dam, water quality, the loons, invasive monitoring, lake history, and more.
- WLA membership is not required, but we hope you'll join or donate.
- Good chance to support a local business.

In order to help the Outpost staff for this event, **let me know if you plan to attend** at [p3mcnulty@gmail.com](mailto:p3mcnulty@gmail.com).

**Location:** Outpost Bar and Grill, 380 Pequawket Trail (RT 113) Standish, ME 04084.

## 2023 Annual Meeting – July 8 at Standish Town Hall

Mark your calendars - we will hold our annual meeting on Saturday July 8, 2023 at 9:00 am. Similar to previous meetings, we will provide an update on water quality, final report on the [2020 Watershed Protection Plan and DEP Matching Grant](#), offer tips on lake friendly shoreline vegetation, and give members an opportunity to comment and vote on board positions.

This year we are fortunate to have Jim Paruk, a noted loon expert and author, as a speaker at the meeting. Learn more about the loons of Maine and how to help protect them.

You can also check our website for more details at [Annual Meeting Section](#), including [Draft Minutes from the 2022 Meeting](#), which will be approved at our 2023 meeting

## Dam Update June 4

WLA volunteers have been checking the dam regularly after the heavy rain a few weeks ago and in preparation for upcoming rains. As of June 4, water level at the dam is at about full pond, and the gate is opened slightly due to the coming rains. As always, volunteers will continue to monitor weather and the water level over the coming weeks and adjust the dam as needed to be within a few inches of full pond. Please keep in mind that water level observations will vary significantly around the lake due to differing wind conditions. Mother Nature and managing the water level of a 450 acre lake via a 10 foot wide dam gate is an inexact science – your understanding is appreciated.
